

CAP Aircrew Training

CAP aircrew training covering the primary systems found on most aircraft. These include the engine, propeller, induction, ignition, as well as the fuel, lubrication, cooling, electrical, landing gear, and environmental control systems. Pilot's Handbook of Aeronautical Knowledge Chapter 6 Aircraft Systems (Pilot's Handbook of Aeronautical Knowledge is available for free download at faa.gov)

Directions: CAP Headquarters, Wing Classroom

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
